

## About “ACE it 25” (All Children Succeed)

“ACE it 25” is a PTA committee that has been established in district 25 to support families of children with special needs. Our primary goals are:

- To bring together parents, families and teachers of children with special needs for sharing of experiences.
- To be a resource to local unit PTAs and their communities on the needs of these children.
- To help provide important education for the PTA President’s to take back to their schools.
- To help support PTA communication in understanding the best way to provide support for children with special needs while attending PTA functions.
- To help improve the lives of the children by providing cultural, social and physical enrichment through PTA programs.
- To advocate for children with special needs
- To foster parent involvement by providing opportunities for parents to get to know each other, communicate information, provide a forum for exchanging ideas and suggestions across the district.

Our plan is to assign an “ACE it 25” liaison to each school within the district. The liaison would attend PTA meetings and act as a point of contact should questions arise. The liaison would also communicate parent requests or concerns to the school PTA.

The “ACE it 25” committee President is Chrissy D’Angelo ([chrissydangelo@yahoo.com](mailto:chrissydangelo@yahoo.com))

The “ACE it 25” committee Co-President is Erika Eng ([erikaeng@gmail.com](mailto:erikaeng@gmail.com))
